Sales information

Positioning

- DIY with Bosch quality: Drilling and screwdriving made easy.

User benefit

- 11 metal drill bits Ø 1.5-6.5 mm with titanium nitride coating that excel through their fast drilling progress and particularly long service life (not suitable for use in aluminium).
- 4 robust carbide-tipped masonry drill bits Ø 4-7 mm that impress with their long service life, fast stock removal, low heat development and precision.
- 4 sharp wood drill bits Ø 4-8 mm with centring tip and shoulder cutter for precise, tear-free hole drilling.
- 10 extra-hard screwdriver bits for use with the most commonly used screws with Phillips, Pozidriv, Torx and longitudinal slot heads. Comes with universal magnetic holder.
- Suitable for all power tool brands.
- Note: Always use coolant when drilling in metal, e.g. Bosch universal cutting oil 2 607 001 409.
- Safety note: Please wear appropriate protective clothing based on the application: Metal drilling: Protective glasses Wood drilling: Protective glasses and dust mask Stone drilling: Protective glasses, dust mask, hearing protection and work gloves
