

GLX-10L/GL-15L 无碳刷电动起子·手按式/中扭力系列

No carbon brush electric screwdriver · hand pressing/medium torque series

型号介绍

Model introduction

GLX - 10 L - S D

第1位数：代表款式

Number 1: representing style

第2位数：“2”代表最大扭矩值(Kg)

Number 2: "2" represents the maximum torque value(kg)

第3位数：“L”代表启动方式为手按式

Number 3: "L" represents the starting mode for hand press

第4位数：“S”代表人工使用

Number 4: "S" stands for manual use

第5位数：“D”代表批头规格为 $\varnothing 5$

Number 5: "D" on behalf of the group of head specifications for $\varnothing 5$

产品特点

Product features

- 采用进口无刷马达，性能强大，稳定性高，使用寿命超长。
- Adopt the import brushless motor, the performance is strong, the stability is high, the service life exceeds long.
- 内部停止装置采用磁性感应系统，灵敏度高，瞬间制动，低冲击力，长期使用不易损坏。
- The internal stop device adopts magnetic induction system, with high sensitivity, instantaneous braking, low impact force, and long-term use not easily damaged.
- 齿轮组件为优质合金钢直接冲压而成，使用更持久，更稳定。
- The gear assembly is made of high quality alloy steel, which is more durable and stable.
- 低振动，低噪音，低电磁干扰，符合环保要求，特别适用于无尘工作环境使用。
- Low vibration, low noise, low electromagnetic interference, comply with environmental requirements, especially applicable to dustfree working environment.
- 外型按照人体工学握持设计，体积小，重量轻，耐冲击，使用舒适，长时间使用不易疲劳，提高生产效率。
- The outer type is designed according to ergonomic grip, small volume, light weight, impact resistance, comfortable use, long time use not easy to fatigue, improve production efficiency.
- 转速0~1000rpm可随心调节，满足您的不同需要。
- The speed of 0-1000rpm can be adjusted to suit your different needs.
