

# 0 601 9K3 1F2 – GSB 185-LI

|  |               |
|--|---------------|
| Material number  | 0 601 9K3 1F2 |
| EAN  | 4053423240191 |
| 2 x battery GBA 18V 2.0Ah                              | ✓             |
| 23-piece drilling and screwdriving bit set with holder | ✓             |
| Carrying case  | ✓             |
| Quick charger GAL 18V-40 Professional<br>2 607 226 251 | ✓             |

## Technical data

### Technical data

|                                     |                         |
|-------------------------------------|-------------------------|
| Torque (soft/hard/max.)             | 21/50/- Nm              |
| No-load speed (1st gear / 2nd gear) | 0 – 500 / 0 – 1,900 rpm |
| Battery type                        | Lithium-Ion             |
| Max. impact rate                    | 27.000 bpm              |
| Chuck capacity, min./max.           | 1.5 / 13 mm             |
| Weight excl. battery                | 0.99 kg                 |
| Torque settings                     | 20                      |
| Tool dimensions (width)             | 54 mm                   |
| Tool dimensions (length)            | 177 mm                  |
| Tool dimensions (height)            | 202 mm                  |
| Battery voltage                     | 18.0 V                  |
| Weight incl. battery                | 1,3 kg                  |
| Product category subdivision        | Cordless Combi          |

### Drilling diameter

|                                |       |
|--------------------------------|-------|
| Max. drilling diameter in wood | 35 mm |
|--------------------------------|-------|

### Screw diameter

|                     |       |
|---------------------|-------|
| Max. screw diameter | 10 mm |
|---------------------|-------|

### Noise/vibration information

|             |  |
|-------------|--|
| Noise level | The A-rated noise level of the power tool is typically as follows: Sound pressure level 85.5 dB(A); Sound power level 96.5 dB(A). Uncertainty K= 5 dB. |
|-------------|--|

## Sales information

---

### Positioning

- More work with no limits

### User benefit

- Next-level compactness with powerful performance and brushless motor
- Easy handling and operation due to compact design
- High-efficiency brushless motor enables longer work hours per charge and tool life
- Increased efficiency thanks to maximum working speed of up to 1,900 rpm
- Ideal in narrow spaces for screwdriving in wood and drilling in wood, metal and masonry
